

CBE WiFi at Central

* A Critical Part of the CBE
Three Year Plan

Central is now ready for WiFi which will be activated soon

- * Lee will be getting an email in the near future that will suggest a date for access to begin
- * Once activated then students staff and guests will be able to begin using the system

Why CBE WiFi

- *Fast access at 5 Ghz
802,11n technology
- *Simple for Students, Staff,
Guests of the system
- *Allows access for modern
and legacy technology

Network Overview

Three Networks for CBE

Digital Citizens

- * One for CBE Equipment.....Most access
- * One for CBE Learners LAWN (Learner Accessible Wireless Network.....Medium access
- * One for CBE Guests.....Lower access

CBE owned devices

(except Macs)

- * One time process to gain access:
- * Power down device
- * Connect to a blue cable connection
- * Boot up device
- * Once booted up disconnect blue cable
- * Surf Wirelessly

CBE Macs

- *CBE Mac computers will require Cindy to configure prior to working on WiFi
